NOTE FOR: Dick Kerr  
Deputy Director for Intelligence

VIA: David D. Gries  
Director of Congressional Affairs

FROM: [REDACTED]  
Chief, Senate Branch  
Office of Congressional Affairs

SUBJECT: Net Assessments by the Intelligence Community

1. SSCI Budget Director Keith Hall gave me for Agency comment the attached draft report language on net assessments. Following our review and comment, the new draft will go to the Senate Armed Services Committee which currently is conducting its sequential review of the FY '88 Intelligence Authorization Bill. After the Armed Services and Intelligence Committees reach agreement, there will be negotiations with various DoD elements. The final product will be incorporated into the unclassified report to the FY '88 Intelligence Authorization Bill.

2. Keith Hall assured me that no one outside the SSCI has seen this draft. He therefore requests that our comments be provided informally and confidentially. If it is necessary, Keith will come to Headquarters for another meeting on this subject. He asks for our feedback by noon on Wednesday, 10 June.
